

# TechEL

Supporting English Learners  
with Technology

## Trainer of Trainers Institute

The TechEL staff development and technology resources provides current research, effective instructional strategies, and relevant technology resources and materials in all core curriculum for busy classroom teachers.

This 3 day Trainer of Trainers Institute will focus on core curriculum resources available at TechEL and models for redelivering the content to teachers at the district or school level. Participants will receive hands on learning using Inspiration, Photo Story 3, and Movie Maker software, and will create instructional materials for English Learner students. Tips on how to use iPhoto and iMovie will also be shared. Participants will leave with a toolkit of resources, strategies, and knowledge of how to effectively support English Learners with technology.

All participants will receive a copy of Inspiration 8, the book Classroom Instruction that Works for English Language Learners, and a trainer account to Curriculum Companion.

**Dates:** July 27-29, 2009, 9:00 am - 4:00 pm

**Location:** Sacramento County Office of Education  
10474 Mather Blvd., Mather, CA
